BHASKAR CHATTERJEE I.A.S.
SECRETARY

भारत सरकार
लोक उद्यम विभाग
भारी उद्योग एवं लोक उद्यम मंत्रालय
GOVERNMENT OF INDIA
DEPARTMENT OF PUBLIC ENTERPRISES
MINISTRY OF HEAVY INDUSTRIES & PUBLIC ENTERPRISES

D.O. DPE/7(2)/ 10)-Fin.
3rd March, 2011.

Dear Shri Kanade,

As you are aware, the Department of Public Enterprises (DPE) is the nodal Department in the Government of India for Central Public Sector Enterprises (CPSEs). The DPE has also been entrusted with the task of preparing the *Annual Survey on State Level Public Enterprises (SLPEs).*

2. In this regard, DPE proposes to conduct a **'Zonal Workshop for SLPEs'** in Jaipur *(for West Zone)* for two days i.e. on 25th & 26th March, 2011. While on the first day, the concerned officers from **Rajasthan, Gujarat, Daman & Diu and Dadar & Nagar Haveli** will be participating, on the second day officers from **Maharashtra and Goa** will participate.

3. The broad objectives of the Zonal Workshop on SLPEs are mentioned below:

(a) *Guiding the SLPEs on reporting of data through online portal.*
(b) *Familiarsing the officials of State Governments and SLPEs about the Memorandum of Understanding (MOU) system in CPSEs.*
(c) *Refreshing the participants from State Governments and SLPEs, on Corporate Governance issues.*
(d) *Refreshing the participants on Corporate Social Responsibility (CSR) issues.*

4. A brief write up on the proposed Workshop may be seen at Annex-I.

5. While seeking the cooperation of your Department in contributing to the deliberations of the Workshop, **I cordially invite you and all of your CEOs of SLPEs to participate in the aforesaid Workshop on 26th March, 2011.** *The venue of Workshop is at 'RAJ VILLAS', Hotel Mansingh, Sansar Chandra Road, Jaipur - 302001, Rajasthan (Tel : 0141-2378771).*

6. I also request you to kindly ensure the participation of CEOs of all SLPEs in your State/UT in this Workshop.

With best regards,

Yours sincerely,

(Bhaskar Chatterjee)

Workshop on SLPEs

Background: Although the SLPEs are more numerous than CPSEs, there is no system in place to compile information at the all-India level for these enterprises. There is neither any common platform of SLPEs for experience sharing. There is, however, at the same time, a great scope to improve the performance of SLPEs. Quite often, there is a need of handholding the SLPEs on policy matters and methodological issues, on which, the state level executives may be given the requisite exposure. The objectives of the Workshop on SLPEs are broadly as under: (a) To provide a platform for sharing of experiences and best practices amongst SLPEs and CPSEs and (b) To apprise the participants about the latest developments in the public sector (nationally and internationally), and (c) To help develop managerial capacity in State Owned Enterprises (SOEs).

Specifically, the issues/themes for organizing the Workshop are indicated as under:

(i) **Reporting of data on performance of SLPEs through online portal:** - At the Central level, DPE publishes the Public Enterprises Survey for each financial year, which mainly contains financial information and performance in respect of CPSEs. The Survey is laid in the Parliament. There is, however, no consolidated information in respect of SLPEs at the All India level. DPE, Government of India took initiatives in this regard and published for the first time the National Survey on SLPEs for the year 2006-07, which was released by the Hon'ble Minister of Heavy Industries and Public Enterprises on 27.08.2009 in New Delhi. Further, in order to develop a system for collecting more reliable information on SLPEs on a regular basis and for bringing out an Annual Survey on SLPEs, the department has put in place a Management Information System (MIS) for SLPEs on the website www.dpeslpe.gov.in . This will also ensure timely compilation of Annual Survey on SLPEs on a regular basis.

OBJECTIVES :(i) The SLPEs will be guided on how to feed online data on the lines of Public Enterprise Survey for CPSEs. They will also be impressed upon the need to furnish the data in time in order to bring out the Survey, for SLPEs in time, every year.

(ii) **Introducing the Memorandum of Understanding (MoU) System for adoption in SLPEs:** - The MOU system in CPSEs is a negotiated document, signed every year, by the CPSEs with their administrative Ministries/ holding Companies, before the commencement of the financial year. The CPSE concerned undertakes to achieve the targets set out in the agreement. The purpose of MoU is to improve the performance of CPSEs, by granting greater autonomy and increasing accountability of the management. The performance evaluation is based on financial parameters (50% weightage) and non-financial parameters (50% weightage). At the end of the financial year, the MoU performance of CPSEs is evaluated on the basis of their actual achievements vis-à-vis MoU targets so set.

OBJECTIVES: (i) Like the MoU system in CPSEs, SLPEs would be encouraged to follow MoU system for their PSEs.

(iii) **Raising awareness in regard to Corporate Governance:** - Corporate governance is a code of corporate conduct in relation to all the stakeholders. Corporate governance implies transparency of management systems and encompasses the entire mechanics of the functions of the company. The present policy of the Government towards CPSEs commits to devolve a full managerial and corporate autonomy to profit making companies operating in a competitive environment and CPSEs are encouraged to enter the capital markets to raise resources and offer new investment avenues to retail investors. The government has also enhanced the powers delegated to -Navaratn and Mini-ratna and other profit making CPSEs. The DPE had issued guidelines on Corporate Governance for CPSEs after taking the views of various stakeholders. These guidelines cover issues like composition of boards, audit committee, subsidiary companies, disclosures, code of conduct and ethics, risk management and compliance.

OBJECTIVES: (i) In the changed competitive scenario, SLPEs would be encouraged to adopt good corporate Governance practices as followed in CPSEs.

(iv) **Raising awareness in regard to Corporate Social Responsibility (CSR):-** In the changed economic scenario, more functional autonomy and operational system have been given to CPSEs, where they can compete with the private sector. It is in this background, the CPSEs are required to adopt corporate social responsibility as a strategic tool for sustainable growth. This responsibility means not only investment of funds for social activities, but also involves integration of business with social processes in the context of CPSEs, and discharge of larger responsibilities by them towards the society and environment. The CSR is aimed at the poorest and the most deprived communities in the peripheral areas of CPSEs. The CSR may be implemented through community based organizations, voluntary or government agencies and CPSEs may also operate CSR activities through their own resources.

OBJECTIVES: (i) SLPEs would be encouraged to follow vigorously the principles of corporate social responsibility.
